## HIGH CONTRAST:

## GUARDIAN:

The screenshot shows the 'Guardian' section of the TaskAlaga application. At the top, there's a navigation bar with a back button, forward button, file selection, and a search bar. The main header features the TaskAlaga logo and the text 'A Caring To-Do List for the Elderly and Special Needs Community'. On the left, a sidebar contains links for 'Back to Main Page', 'Voice assistant', 'High contrast mode', 'Guardian' (which is selected), and 'Help and support'. The central area displays a 'Guardian's name' section with placeholder text ('000-000-0000' and 'lorem ipsum@gmail.com') and a 'Relationship' dropdown. Below this is a 'DAILY WELLNESS CHECK' section with a heading 'How are you feeling?' followed by five emoji faces (smiling, neutral, sad, angry, confused). Buttons for 'Call guardian' and 'Message guardian' are present. A '3-day wellness summary:' box lists three entries: 'July 11: 😊', 'July 10: 😊', and 'July 9: 😊'. The bottom of the screen shows a Windows taskbar with various pinned icons and system status indicators.

## HELP & SUPPORT:

The screenshot shows the 'Help and Support' section of the TaskAlaga application. It has a similar header and sidebar to the guardian page. The central area contains five support options: 'User Guide' (Learn how to use the app), 'Contact Support' (Get in touch with our support team), 'Video Tutorials' (Watch step-by-step tutorials), 'FAQ' (Find answers to common questions), and 'Live Chat' (Chat with a support agent). The bottom of the screen shows a Windows taskbar with various pinned icons and system status indicators.
